## Lornham Appointed To Manage Grand Kensington Residence

**Lornham have been appointed to manage one of the finest homes in Kensington on behalf of an overseas HNW family. This period property has magnificent features throughout with high levels of technology and security**

**Dominic Wertheimer, Lornham's founder comments:**

“An existing client approached us asking if we could look after one of his friends homes. Whilst the property had been managed by one of the largest agents the client wanted a more personal service tailored to the family's individual needs. It's always an honour to be recommended by an existing client and we look forward to building another long term relationship with this homeowner.”

**[This is a library photo not one of the house. For privacy and security reasons we never disclose details of our client's homes]**
