UPPER MONTAGU ST, N1

Property Acquisition and Management

Lornham are proud to share a success story which spans nearly a decade. Eight years ago, our expertise in property acquisition and management led to our team playing a pivotal role in acquiring a property, consisting of two flats, on Upper Montagu Street.

The property management team then went on to oversee the refurbishment works of the property in Marylebone into a stunning and functional space.

Since then, we have been managing the tenants, and ensuring a seamless experience for our client.

Recently, when the owner decided to sell, we supported them in the sale by researching and instructing a local agent on their behalf.

We selected and worked closely with Alex Ross and his team at Savills, who provided an unparalleled service which successfully resulted in both flats being sold.

We take pride in seeing projects through from start to finish and are always ready to provide our expertise to anyone seeking acquisition or property management services.

If you want to know more about our services, please don't hesitate to contact Dominic and the team.
