

FIHAVANANA GALA EVENT IN AID OF THE GOOD NEWS MATERNITY UNIT

Dominic recently showed his support by attending the Fihavanana Gala Event aimed at raising funds for the expansion of the Maternity Unit at The Good News Hospital in Mandritsara.

The current maternity unit, established in 2007, has been a crucial facility for thousands of women, offering essential services like caesarean sections and blood transfusions within a 200-kilometer radius.

The 2024 project aims to raise £25,000 to cover the expansion costs.

Ted Watts, the team leader, expressed gratitude for the donations, emphasizing the positive impact they will have on the lives of women, children, and families in Mandritsara.

If you wish to contribute, donations can be made through the following link until 11 am on Saturday, 10th February:
