LORNHAM PROPERTY TURNS 13!

This month marks 13 years since Lornham was founded by Dominic Wertheimer in 2012. What began as a trusted buying agency in Prime Central London has grown into a leading property consultancy, offering bespoke services from acquisition to block management and concierge.

We're incredibly proud of the reputation we've built for discretion, market insight, and tailored service — working with clients from across the globe including Great Britain, Dubai, Hong Kong, and Australia.

A heartfelt thank you to our clients, partners, and the wider property community for your continued support and trust over the years. Your belief in what we do has been key to our success and growth.
