

## In Pictures: Penthouse project at The Broadway promises to 'set a new standard for contemporary luxury living'

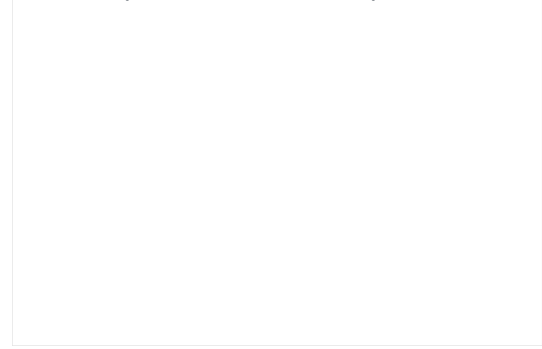

NEWS • 30 Jul, 2025

Elite design and delivery team to transform shell-and-core space at the former Scotland Yard HQ into a 'legacy' super-prime residence.

A top-tier team has been assembled to create a marquee penthouse at The Broadway, three years after the Westminster mega-development reached completion.

The 3,000 sq ft unit at the Northacre scheme – on the site of the former Scotland Yard HQ – is currently in shell & core condition, but is due to emerge next year as one of the capital's most exclusive private residences.

### PRIMERESI JOURNAL FEATURES THE BROADWAY PROJECT

Great to see Lornham featured in PrimeResi today, with coverage of the penthouse project at The Broadway — a standout development that brings a fresh approach to contemporary luxury living.

Well done to Dominic Wertheimer and the team for delivering at the highest level — both metaphorically and literally!

And huge thanks to Primeresi Journal for the spotlight.
